# Providence Coal Fired Pizza Raises Over \$500 for The Westerly Library as part of its "Pizza For A Purpose" Community Partnership Program

PROVIDENCE, R.I.– Providence Coal Fired Pizza today announced that its "Pizza For a Purpose" community partnership program raised \$538.20 for Westerly Library and Wilcox Park.

Rhode Island's first, authentic coal fired pizza experience officially opened its doors in late March at 162 Granite Street in Westerly. As part of its Grand Opening Celebration, Providence Coal Fired Pizza partnered with The Westerly Library and Wilcox Park, which is celebrating its 125<sup>th</sup> anniversary this year.

The restaurant, which offers handcrafted, gourmet pizzas, along with other coal-inspired traditional menu items and a full bar, is open for lunch and dinner seven days a week. For every large pizza ordered (dine-in or take-out) during the month of April, a portion of the proceeds was donated to The Westerly Library and Wilcox Park.

"We are really excited that Providence Coal Fired Pizza chose Westerly Library and Wilcox Park to be the recipient of *Pizza For A Purpose*," said Brigitte Hopkins, Executive Director. "As we celebrate our 125th Anniversary, we look not only at our contributions to Westerly and beyond over the decades but how local businesses and organizations have helped to strengthen our impact on this community. Providence Coal Fired Pizza is a welcomed addition to this community partnership."

"We pride ourselves on providing a healthy, 'everything from scratch' menu and our mission is not just to satisfy your appetite with our signature coal fired pizza and artisan dishes, but to provide our guests with a warm atmosphere and amazing food at a reasonable price," said David Bertolini, Operating Partner, Providence Coal Fired Pizza. "We are excited to be part of this great community and also support The Westerly Library, one of the area's crown jewels, as part of our Grand Opening Celebration."
